Thrivent Advisor Network, LLC (“Thrivent” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”) offering investment advisory services since 2019. Thrivent is organized as a limited liability company (“LLC”) under the laws of the State of Delaware. Thrivent is a wholly-owned subsidiary of Thrivent Financial Holdings, Inc., a Delaware Corporation, which is in turn a wholly-owned subsidiary of Thrivent for Lutherans.

This Wrap Fee Program Brochure provides information regarding the qualifications, business practices, and the wrap-fee advisory services provided by Thrivent. Contact us at (612) 844-8444 if you have questions regarding the information in this brochure.

Thrivent and its Advisory Persons (also collectively referred to as Thrivent”) offer investment advisory services to individuals, high net worth individuals, families, trusts, estates, businesses, and retirement plans (each referred to as a “Client”).

Thrivent and its Advisory Persons serve as fiduciaries to Clients, as defined under the Investment Advisers Act of 1940, as amended, when offering these advisory services. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Thrivent’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding our Code of Ethics, review Item 9 – Additional Information.

Item 4 – Services Fees and Compensation

A. Services

Investment Management Services

Thrivent offers investment management services where Clients receive ongoing investment advice, but separately pays for securities transactions and brokerage-related fees. The Independent Manager and Investment Platform program offers Clients the ability to utilize unaffiliated investment managers.

Advisory Persons provide customized investment advisory solutions for Clients. This is achieved through continuous personal Client contact, on-demand access, and interaction while providing discretionary and non-discretionary investment management and related advisory services.

Advisory Persons work closely with each Client to identify the Client’s investment goals and objectives as well as risk tolerance and financial situation in order to develop an appropriate investment strategy for the Client. Advisory Persons will then implement an investment portfolio that seeks to achieve the outcome[s] for the strategy. Advisory Persons may recommend the internal investment management by its staff and/or the use of independent managers or investment platforms (please see below).

Internal Management – Advisory Persons will primarily utilize low-cost, diversified mutual funds and exchange-traded funds (“ETFs”) for Client portfolios. Advisory Persons may also utilize individual equities, individual bonds, limited partnerships, and other types of, as appropriate, to meet the needs of the Client. Advisory Persons may retain certain legacy positions of the Client based on portfolio fit and/or tax considerations.

Thrivent’s investment approach is primarily long-term focused, but Advisory Persons may buy, sell or re-allocate investments that have been held less than one year to meet the objectives of the Client or due to market conditions. Advisory Persons will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein must enter into a written agreement with the Advisor.

Prior to engaging Thrivent to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Advisory Persons, in connection with the Client, will develop a strategy targeted to achieve the Client’s investment goals and objectives.
- Asset Allocation – Advisory Persons will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Advisory Persons will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Monitoring – Advisory Persons will provide investment management and ongoing monitoring of the Client’s portfolio.

B. Program Costs

Thrivent includes, in addition to securities transaction fees for certain mutual funds and other fees and expenses (herein “Covered Costs”) as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Advisor’s recommended Custodian does not charge securities transaction fees for exchange-traded fund (“ETF”) and equity trades in Client accounts, but typically charges for mutual funds and other types of investments. The Advisor sponsors the Thrivent Wrap Fee Program.

Advisory services provided by Thrivent are offered in a wrap fee structure whereby Covered Costs are included in the overall investment advisory fee paid to Thrivent. As the level of activity in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the Covered Costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity or other Covered Costs. A Wrap Fee structure presents a conflict of interest as the Advisor is incented to limit the number of trades placed in the Client’s account[s] or to utilize securities that do not have transaction fees. As noted above, the Advisor’s recommended Custodian[s] does not charge securities transaction fees for ETF and equity trades in Client accounts, but typically charges for mutual funds and other types of investments. As such, the Advisor is incentivized to utilize ETFs and other equity securities to limit the overall cost to the Advisor. The Advisor will only place Client assets into a Wrap Fee Program when it is believed to be in the Client’s best interest.

C. Fees

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees through this Wrap Fee Program range from 2.50% to 0.25% based on several factors, including, but not limited to: the services offered to the Client, the complexity of the services to be provided, the level of Client assets managed by the Advisor, and/or the overall relationship with the Advisor. Thrivent may also offer its services as a fixed annual fee or an incremental fee schedule, not to exceed to annual rates above. The investment advisory fee includes securities transaction fees for securities purchased or sold in the Client’s account[s]. The Advisor’s recommended Custodian typically provides equity and ETF trades at zero cost to the Client or the Advisor. Mutual Fund trades are typically charged a securities transaction fee by the Custodian.

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client’s account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client’s account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by calendar days in a quarter) to the total assets under management with Thrivent at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the custodian’s brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Thrivent to be paid

directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Thrivent will be independently valued by the designated Custodian. Thrivent will not have the authority or responsibility to value portfolio securities.

Clients may make additions to and withdrawals from their account[s] at any time, subject to Thrivent's right to terminate an account. Additions may be in cash or securities provided that Thrivent reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Thrivent, subject to the usual and customary securities settlement procedures. However, Thrivent designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. Thrivent may consult with its Clients about the options and ramifications of transferring securities. However, Clients are advised that when transferred securities are liquidated, they are subject to transaction fees, fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications.

For Client account[s] implemented through an Independent Manager, the Client's overall fees may include Thrivent's investment advisory fee (as noted above) plus advisory fees and/or platform fees charged by the Independent Manager[s], as applicable. The Independent Manager may assume responsibility for calculating the Client's fees and deduct all fees from the Client's account[s]. In such instances, Thrivent will not charge its fee separately on those assets.

As noted above, the Wrap Fee Program includes Covered Costs incurred in connection with the discretionary investment management services provided by Thrivent. Securities transaction fees for Client-directed trades may be charged back to the Client.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Under this Wrap Fee Program, Thrivent includes securities transactions costs as part of its overall investment advisory fee.

In addition, all fees paid to Thrivent for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. Securities transaction fees for Client-directed trades will be charged back to the Client. In connection with the discretionary investment management services provided by AA, the Client will incur other costs assessed by the Custodian or other third parties, other than the Covered Costs noted above, such as wire transfer fees, fees for trades executed away from the Custodian and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Thrivent to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Advance Payment of Fees and Termination

Investment Management Services

Thrivent is compensated for its investment management services in advance of the quarter in which services are rendered. Either party may request to terminate the investment advisory agreement with Thrivent, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and

such fees will be due and payable by the Client up to and including the effective date of termination. Upon termination, the Advisor will promptly refund any unearned, prepaid advisory fees. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

The terms for the termination of an Independent Manager will be set forth in the respective agreements between the Client and the Independent Manager. Thrivent will assist the Client with the termination and transition as appropriate.

E. Compensation

Thrivent is the sponsor of this Wrap Fee Program. Thrivent receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays Covered Costs associated with the management of the Client's account[s].

Thrivent does not buy or sell securities to generate securities commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Other Compensation

Certain Advisory Persons are also registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"). PKS is an unaffiliated registered broker-dealer (CRD # 35747), member FINRA, SIPC. As a registered representative of PKS, the Advisory Person will implement securities transactions under PKS and not through Thrivent. In such instances, the Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by the Advisory Person in one's capacity as a registered representative is separate and in addition to the Advisor's fees earned for the Financial Planning and Consulting Services described in this Disclosure Brochure. This practice presents a conflict of interest because the Advisory Person who is a registered representative has an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client. Clients are not obligated to implement any recommendation provided by the Advisor nor Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in the Advisory Person's separate capacity as a registered representative of PKS. Review Item 10 – Other Financial Industry Activities and Affiliations.

In addition, certain Advisory Persons are licensed as independent insurance professionals. In their capacity as licensed insurance professionals, Advisory Persons will earn commission-based compensation for implementing insurance products on behalf of Clients, which may include insurance products offered by affiliates of the Advisor. Insurance commissions earned by an Advisory Person is separate and in addition to Thrivent's investment advisory fees. This practice presents a conflict of interest as an Advisory Person may have an incentive to recommend insurance products for the purpose of generating commissions rather than solely based on Client needs. Further, affiliates of Thrivent will also earn revenue if insurance products offered by one of the Advisor's affiliates are implemented. Clients are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with Thrivent or otherwise. Review Item 10 below – Other Financial Industry Activities and Affiliations.

Item 5 – Account Requirements and Types of Clients

Thrivent offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, businesses, and retirement plans. Thrivent does not impose a minimum account or relationship size; however certain investment strategies and Independent Managers will require a minimum size to effectively implement the investment mandate. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

Item 6 – Portfolio Manager Selection and Evaluation

A. Portfolio Manager Selection

Thrivent serves as sponsor and as portfolio manager for the services under this Wrap Fee Program. Thrivent may also recommend Independent Managers, which may also have a wrap fee program and structure.

B. Related Persons

Advisory Persons serve as portfolio managers for this Wrap Fee Program. Thrivent does not serve as a portfolio manager for any third-party wrap fee programs.

C. Performance-Based Fees

Thrivent does not charge performance-based fees. Please see Item 6 of the Disclosure Brochure.

D. Supervised Persons

Advisory Persons serve as portfolio managers for Client accounts, including the services described in this Wrap Fee Program Brochure. However, Thrivent does not serve as a portfolio manager for any third-party wrap fee programs.

E. Methods of Analysis

Thrivent primarily employs fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from Thrivent are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis assists an Advisory Persons in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. Advisory Persons monitor these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Thrivent will be able to accurately predict such a reoccurrence.

As noted above, Thrivent generally employs a long-term investment strategy for its Clients, as consistent with their financial goals.

F. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Advisory Persons will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Thrivent shall rely on the financial and other information provided by the

Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform Thrivent of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing a Client's account[s]. Advisory Persons will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks – The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks – The performance of ETFs are subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs – Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks – The performance of mutual funds are subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Options Contracts – Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Margin Borrowings – The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Alternative Investments (Limited Partnerships) – The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. Advisory Persons will work with each Client to determine their tolerance for risk as part of the investment advisory service process.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

G. Proxy Voting

Thrivent does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. Advisory Persons will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 7 – Client Information Provided to Portfolio Managers

Thrivent is the sponsor and sole portfolio manager for the Program. Please also see the Thrivent Privacy Policy (included after this Wrap Fee Program Brochure).

Item 8 – Client Contact with Portfolio Managers

Thrivent is a full-service investment management advisory firm. Clients always have direct access to the Portfolio Managers at Thrivent.

Item 9 – Additional Information

A. Disciplinary Information and Other Financial Industry Activities and Affiliations

Thrivent values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment

Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 304569. Please see Item 9 of the Thrivent Disclosure Brochure as well as Item 3 of each Advisory Person's Brochure Supplement (included with this Wrap Fee Program Brochure) for additional information on how to research the background of the Advisor and its Advisory Persons.

Other Financial Activities and Affiliations

Advisory Persons may have their own legal business entities whose business names and logos may appear on marketing materials as approved by Thrivent, or client statements approved by the Custodian. It is important to note that the businesses are legal entities of the Advisory Persons and not of Thrivent, nor the Custodian. Additionally, the business entity may provide services other than the services offered by the Advisor Person as disclosed in this Disclosure Brochure and also provided to Client in each Advisory Person's personalized disclosure Brochure Supplement.

Neither Thrivent nor its Supervised Persons has any registrations or affiliations with a futures commission merchant, commodity pool operator, or commodity-trading advisor.

Insurance Company

The Advisor is a licensed insurance agency, and as such, may offer insurance products on a commission basis. Advisory Persons shall generally introduce Clients to an unaffiliated insurance agency to manage the insurance process. Advisory Persons shall receive a portion of the insurance commission earned by the unaffiliated insurance agency. No Client shall be under any obligation to purchase any insurance products from the Advisor or such introduced insurance agency. The recommendation by an Advisory Person that a Client purchase an insurance product presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend insurance products based on commissions to be received, rather than based on a particular Client's need. Clients are reminded that they remain free to purchase insurance products through other insurance agencies.

In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Thrivent does not have a material interest in any securities traded in Client accounts.

Personal Trading in Same Securities as Clients

Thrivent allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a potential conflict of interest that must be disclosed to Clients and mitigated through policies and procedures. As noted above, we have adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of Thrivent have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Thrivent requiring of its employees and Supervised Persons to report personal securities trades for review by the Chief Compliance Officer.

The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

Personal Trading at Same Time as Client

While Thrivent allows Supervised Persons to purchase or sell of the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward.

Thrivent does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Thrivent to direct trades to this Custodian as agreed in the investment advisory agreement. Further, Thrivent does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Thrivent does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Thrivent may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its overall reputation. Clients are not obligated to use the recommended Custodian and Thrivent will not charge any extra fee or cost associated with using a Custodian not recommended by Thrivent. However, if the recommended Custodian is not engaged, Thrivent may be limited in the services it can provide comparable to other clients. Thrivent will generally recommend that Clients establish their account[s] at Fidelity Clearing & Custody Solutions and other divisions of Fidelity Investments, Inc. ("Fidelity"), a FINRA-registered broker-dealer, "qualified custodian" and member of SIPC or Charles Schwab & Co., Inc. ("Schwab"), a registered broker-dealer, member SIPC. Thrivent maintains institutional relationships with both Fidelity and Schwab, whereby the Advisor receives economic benefits. Please see Item 14 below.

Brokerage practices of the Advisor:

1. *Soft Dollars* – Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. **Thrivent does not receive research or other product services sponsored or offered by any broker- dealer. However, the Advisor does receive certain economic benefits from Fidelity and Schwab. Please see Item 14 below.**

2. *Brokerage Referrals* – Thrivent does not receive any compensation from any third-party in connection with the recommendation for establishing a brokerage account. **However, Thrivent's affiliate Thrivent Investment Management Inc. receives compensation from PKS, an unaffiliated registered broker-dealer, for referring certain persons to become registered representatives of PKS. This referral fee is based on revenue derived from sales of the registered representative of PKS. These registered representatives will also be investment advisor representatives of the Advisor. The referral compensation creates an incentive for investment advisor representatives of Thrivent Advisor Network who also register with PKS to use PKS for brokerage services.**

3. *Directed Brokerage* – All Clients are serviced on a "directed brokerage basis", where Thrivent will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Thrivent will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking in to account such factors as: 1) price, 2) size of the order, 3) difficulty of

execution, 4) confidentiality and 5) skill required of the broker. Thrivent will execute its transactions through an unaffiliated broker-dealer selected by the Client. Thrivent may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client's accounts.

Review of Accounts

Frequency of Reviews

Generally, Advisory Persons will conduct formal reviews of the financial planning engagements at least annually depending on the needs of the Client. Thrivent has supervisory procedures and processes related to Financial Planning and Consulting Services, which includes a periodic review of the advice provided by the Advisory Persons and other aspects of the engagement.

Causes for Reviews

Engagements may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or new goals. The Client is encouraged to notify Thrivent if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan.

Additional reviews may be triggered by material market, economic or political events.

Review Reports

The Plan and its Plan Participants will receive independent statements from their respective custodians no less frequently than quarterly. In addition, the Advisor will provide the Plan with a written invoice itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Other Compensation

Thrivent will generally recommend that Clients establish their account[s] at either Fidelity Clearing & Custody Solutions and other divisions of Fidelity Investments, Inc. ("Fidelity"), a FINRA-registered broker-dealer, "qualified custodian" and member of SIPC or Charles Schwab & Co., Inc. ("Schwab"), a registered broker-dealer, member SIPC. Thrivent maintains an institutional relationship with both Fidelity and Schwab, whereby the Advisor receives economic benefits.

Access to the each Custodian's platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity or Schwab. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Compensation Received by Thrivent

Participation in Institutional Advisor Platform (Fidelity)

Thrivent has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity platform is provided at no charge to the Advisor. The Advisor receives economic benefits from Fidelity such as, recruiting and training support services for Advisory Persons, expense reimbursement, software, and related support, without cost, as the Advisor renders investment management services to Clients that maintain assets at Fidelity. This support creates an incentive for Advisor to select or

recommend Fidelity based on Advisor's receipt of such support in conducting its advisory services, rather than on Clients' interest in receiving most favorable execution. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not provide such economic benefits. The services provided by Fidelity, how they benefit the Advisor, and the related conflicts of interest are described above.

Participation in Institutional Advisor Platform (Schwab)

Thrivent receives an economic benefit from Schwab in the form of the support products and services it makes available to the Advisor and other independent investment advisors whose clients maintain their accounts at Schwab. In addition, Schwab has also agreed to pay for certain products and services for which Thrivent would otherwise have to pay once the value of our clients' assets in accounts at Schwab reaches a certain size. [In some cases, a recipient of such payments is an affiliate of ours or another party which has some pecuniary, financial or other interests in us (or in which we have such an interest).] Clients do not pay more for assets maintained at Schwab as a result of these arrangements. However, Thrivent benefits from the arrangement because the cost of these services would otherwise be borne directly by the Advisor. Clients should consider these conflicts of interest when selecting a Custodian. The products and services provided by Schwab, how they benefit the Advisor, and the related conflicts of interest are described above.

Insurance Company

Thrivent also serves as an insurance agency, where the Advisor may recommend to Clients the purchase of certain insurance products. Thrivent will benefit from any revenue generated from the sale of a recommended insurance products.

Client Referrals from Solicitors

Thrivent may engage and compensate unaffiliated third-parties (each a "Solicitor") for Client referrals in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940. Thrivent and/or its Advisory Persons may also engage various online directories and referral sources which are paid a fixed fee. Clients will not pay a higher fee to Thrivent as a result of such payments to a Solicitor or other referral source. The Advisor shall enter into an agreement with the Solicitor, which requires that full disclosure of the compensation and other conflicts is provided to the prospective client prior to or at the time of entering into the advisory agreement.

Other Compensation

Advisory Persons may be eligible to receive compensation for referring individuals who become Advisory Persons of Thrivent. The compensation paid to the referring Advisory Person is based on the referred individuals becoming an Advisory Person of Thrivent coupled with revenue from investment advisory fees earned by referred individual.

An Advisory Person who refers prospective Clients or Clients to another Advisory Person may share in the fee for the services provided. These fees may be a single payment or ongoing.

Advisory Persons are eligible to receive a cash bonus from their team practice based on what is earned by the whole team.

Advisory Persons may be eligible to receive non-cash compensation (e.g., attend sales conferences and other recognition events). Receipt of non-cash compensation is based on sales of investment advisory services and or other products.

Some Advisory Persons may elect to take out a loan from Thrivent or Thrivent Financial for Lutherans to invest in their practice. They may receive partial loan forgiveness if they exceed their expected sales of investment advisory services and or other products.

Thrivent Trust Company pays Advisory Persons a fee for referring Clients to the Trust Company for its professional personal trust, estate and investment management services.

In another separate arrangement, InFaith Community Foundation (“InFaith”) allows specific financial representatives and investment advisors an opportunity to provide investment advisory and management services for donor advised funds at InFaith. Advisory Persons who are approved to offer these services will receive compensation for such services that is separate and distinct from the compensation paid for the Financial Planning and Consulting Services. InFaith is independent of Thrivent Financial and Thrivent’s Financial Professionals. InFaith is not an affiliate of Thrivent.

Custody

Thrivent does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor’s fee and the limited authority for Client money movement requests as described below. All Clients must place their assets with a “qualified custodian”. Clients are required to select their own Custodian to retain their funds and securities and direct Thrivent to utilize that Custodian for the Client’s security transactions. Thrivent encourages Clients to review statements provided by the account Custodian. For more information about Custodians and brokerage practices.

Client Money Movements

If the Client authorizes the Advisor to move money from one of the Client’s account[s] to one or more other accounts of the Client on an ongoing basis, the Advisor may be deemed to have custody of those assets. The Advisor does not engage in business practices whereby the Advisor or its Advisory Persons would have actual custody over the Client’s account[s]. To mitigate this risk, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client’s instructions.

Voting Client Securities

Neither Thrivent nor any Advisory Person accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Financial Information

Neither Thrivent, nor its management has any adverse financial situations that would reasonably impair the ability of Thrivent to meet all obligations to its Clients. Neither Thrivent, nor any of its Advisory Persons, has been subject to a bankruptcy or financial compromise. Thrivent is not required to deliver a balance sheet along with this Disclosure Brochure, as the firm does not collect advance fees of \$1,200 or more for services to be performed six months or more in advance. Please see Item 18 of the Form ADV Part 2A – Disclosure Brochure.
